

## Affiliate Terms

We love the fact that our customers and others want to recommend our services to others and we want to be able to reward this appreciation for what we do by offering a generous affiliate reward scheme.

Because we offer a 99 day money back satisfaction guarantee, we will credit our affiliate's affiliate account after 100 days of inception of the service purchased by their referred customer. Should the referred customer cease their service within this 100 days or breach our term of services, then the affiliate commission will not be paid. Because we offer the 99 day guarantee, you will find you experience much better conversion.

We offer a range of text and graphical links for you to use on your website, however, if you have a requirement for something at a size not currently provided then please do get in touch and we will try and help.

The affiliate will receive a credit in their affiliate account equal to the amount indicated in the table below for the purchased product and on a recurring basis for as long as the product remains active in accordance with our standard terms. Once 60 days has elapsed, the affiliate may request the release of their affiliate account balance.
